THE Porsche Club of South Africa held its annual parade last Saturday at Zimbali Coastal Resort where 97 stylish cars graced the five-day event.

Each province holds the celebratory event for Porsche enthusiasts from all walks of life and with a range of cars from the older 356 and 944 to the latest models on the market.

Nearly 75 of the most exclusive and sought after vehicles meandered through the resort. Club members said their Porsche passion had spilled onto their families.

Porsche couple Carolynne and Justin Butler share smiles at the event.
